

Rugged, Affordable, Reliable

The Cedar CP3 Rugged Smartphone by Juniper Systems gives users an affordable option for impressive on-the-job durability. With massive upgrades over its predecessor, the CP3 touts increased memory and storage, a lightning-fast processor, global GSM cell, unbeatable battery life, and, of course, the rugged durability for which Juniper Systems is known.

Contact Juniper Systems today for pricing.

Cedar CP3 Specifications

The Cedar CP3 Rugged Smartphone allows users to work hard, without the worry of a broken device. Rated IP68, the CP3 is entirely dustproof, waterproof, and shockproof. Its ruggedized design includes an ultra-bright, large display; all-day battery life; and exceptional reliability to provide users with the ultimate go-anywhere-do-anything smartphone.
